

Greenfield University

Course Registration Guide 2025-2026

Document Code: GU/CRG/2025-26 **Issued By:** Office of the Registrar / Academic Affairs
Effective From: July 1, 2025 **Version:** 3.0

1. Introduction

Course registration is the formal process by which students enroll in courses for a semester. Greenfield University uses an online Course Registration System (CRS) integrated into the Student Portal. This guide walks students through every step of course registration, from pre-registration planning to final confirmation.

2. Registration Windows

2.1 Regular Registration

Semester	Registration Period	Late Registration (with ₹500 fine/day)
Odd Semester 2025	June 28 – July 4, 2025	July 5–9, 2025
Even Semester 2026	December 26, 2025 – January 2, 2026	January 3–7, 2026
Summer Term 2026	June 2–5, 2026	Not applicable

2.2 Add / Drop Period

After the semester begins, students may modify their course enrollment:

Action	Allowed Period	Implications
Add a Course	Up to 2 weeks after class start	Courses added within this window appear on official record
Drop a Course	2-6 weeks after class start	Dropped courses do not appear on transcript
Withdraw from a Course	6-10 weeks after class start	'W' grade appears on transcript (no GPA impact)

After Week 10, **no withdrawal is permitted**. Students receive the grade they earn.

3. Credit Requirements

3.1 Normal Credit Load

Student Level	Minimum Credits/Semester	Maximum Credits/Semester
UG (B.Tech, B.Sc., BBA, etc.)	15	24
PG (MBA, M.Tech, M.Sc., etc.)	12	22
Ph.D. (Coursework phase)	8	16

3.2 Credit Overload

Students with a CGPA ≥ 8.5 may apply to register for up to **26 credits** per semester:

- Submit overload request via portal → "Registration" → "Credit Overload Request"
- Requires approval from the Faculty Advisor and Dean
- Deadline: within the Add/Drop period

3.3 Reduced Load

Students may register for below the minimum credit load with:

- Medical reasons (with GU Medical Officer certificate)
- Participation in national/international competitions (with approval)
- Personal hardship (reviewed case-by-case by Dean of Student Affairs)

4. Types of Courses

4.1 Course Classification

Type	Description	Example
Core (Compulsory)	Mandatory for all students in a program	Engineering Mathematics I
Program Elective (PE)	Chosen from a list prescribed by the department	Machine Learning, VLSI Design
Open Elective (OE)	Any course from another department	Psychology, Entrepreneurship
Audit Course	Attend without grading; only attendance required	Any course
Extra Academic Activity (EAA)	Sports, NSS, NCC — carries 1-2 credits	NSS Camp
Laboratory	Practical component; registered with theory	Software Engineering Lab
Project / Thesis	Independent research work	B.Tech Final Year Project

4.2 Audit Registration

- Students may register for up to **1 audit course per semester**
- Audit courses require $\geq 75\%$ attendance
- Do not contribute to CGPA; marked as "AU" (Audit/Complete) or "AW" (Audit/Withdrawn)
- Cannot be converted to a credit course after the add/drop period

5. Pre-Registration Planning

Before registration opens, students should:

Step 1: Review your Program Curriculum

- Log in to portal → "Academics" → "My Curriculum"
- Check which courses are core in this semester
- Identify electives available to you

Step 2: Check Pre-Requisites

Every elective and some core courses have prerequisites:

Course	Pre-Requisite
Machine Learning	Python Programming + Statistics
Computer Networks	Data Structures
Advanced Database Systems	Database Management Systems
Financial Derivatives	Financial Management

Students who have not cleared prerequisites may **not** register for those courses.
Faculty may verify pre-requisite clearance at any point.

Step 3: Consult Your Faculty Advisor

- All students are assigned a **Faculty Advisor** (available on the portal)
- Faculty advisors help plan the academic roadmap
- Strongly recommended to consult before registration, especially for overloads or elective choices

Step 4: Prepare a Tentative Timetable

- Check the proposed timetable on the portal
- Avoid time clashes before registration opens

6. Step-by-Step Registration Process

Step 1: Log in to the Student Portal

- URL: **portal.greenfield.edu.in**
- Use your GU Roll Number and password
- Enable two-factor authentication (2FA) if not already done

Step 2: Navigate to "Course Registration"

- Home → Academics → Course Registration → Register for [Semester]

Step 3: View Available Courses

- All courses available for your program and semester are listed

- Filter by: Core / Elective / Department / Credit Load
- Course details (syllabus, faculty, schedule, room, seats available) are visible by clicking the course name

Step 4: Add Courses to Cart

- Click "Add to Cart" for each desired course
- System automatically checks:
 - Pre-requisite satisfaction
 - Time clash with other selected courses
 - Seat availability
 - Whether the course is open to your program

Step 5: Review Cart

- Review all selected courses
- Total credits displayed in real time
- System warns if you are below minimum or above maximum credits

Step 6: Submit Registration

- Click "Confirm Registration"
- A confirmation OTP is sent to your registered mobile number
- Enter OTP and submit
- **Registration is not final until confirmed**

Step 7: Pay Fees (if not already paid)

- If semester fees are unpaid, registration will be provisionally saved for **48 hours**
- Complete fee payment within 48 hours to confirm registration

Step 8: Download Registration Confirmation

- After confirmation, download and save your **Course Registration Confirmation PDF**
- This document is your proof of enrollment

7. Waitlist Policy

If a course is full:

- You may join the **waitlist** (up to 15 students per course)

- If a seat becomes available (due to drops), the system automatically enrolls the next waitlisted student
 - Waitlist notifications are sent by email and SMS
 - If you are admitted from the waitlist, you must confirm enrollment within **24 hours** or the seat goes to the next student
-

8. Timetable Clashes

The CRS prevents registration in courses with identical time slots. To resolve clashes:

- Choose one course from conflicting options
 - Contact the department if a clash is unavoidable and alternatives are not available
 - Some departments may offer alternative time slots for electives
-

9. Section Change

If a course has multiple sections (e.g., CS-201-A and CS-201-B):

- Request a section change within the Add/Drop window
 - Section changes are permitted only if seats are available
 - Process: Portal → Course Registration → Section Change Request
-

10. Course Registration for Special Students

10.1 Backlog Students

- Register for failed courses in addition to current semester courses
- Backlog courses are subject to the **maximum credit load rule**
- Some backlog courses may conflict with current semester timetables — priority is given to current semester

10.2 Exchange Students (Incoming)

- Exchange students register through the **International Relations Office**
- Course mapping is done with the home institution's degree requirement
- Special registration window: one week before the regular window opens

10.3 Ph.D. Students (Coursework)

- Ph.D. students register for courses prescribed in their **Doctoral Committee's**

approved course plan

- All registrations require approval from the Research Supervisor before submission
-

11. Common Errors & Troubleshooting

Error Message	Cause	Solution
"Pre-requisite not cleared"	You haven't cleared the prerequisite course	Take the prerequisite first; appeal to HOD if you believe it's an error
"Seat not available"	Course is full	Join the waitlist
"Time clash detected"	Two courses overlap	Drop one of the clashing courses
"Registration locked"	Fee not paid or ID suspended	Clear dues or contact Student Services
"Maximum credit limit exceeded"	Trying to exceed 24/22 credits	Remove a course or apply for overload
"Course not available for your program"	Restriction applies	Contact your HOD for permission

For all technical issues with the portal, contact:

- **IT Helpdesk:** ithelpdesk@greenfield.edu.in | Ext. 600
-

12. Important Policies Recap

Policy	Key Point
Minimum Credits	15 (UG) / 12 (PG) per semester
Maximum Credits	24 (UG) / 22 (PG) per semester; 26 with overload approval
Add/Drop Deadline	2 weeks after semester start
Withdrawal Deadline	10 weeks after semester start
Waitlist Duration	Until end of Add/Drop period
Late Registration Fine	₹500/day
Pre-requisite Override	HOD approval required; not guaranteed

13. Contact for Registration Support

Office	Details
Registrar's Office	registrar@greenfield.edu.in
Academic Affairs	academics@greenfield.edu.in
IT Helpdesk (Portal Issues)	ithelpdesk@greenfield.edu.in
Faculty Advisor	Listed on student portal → "My Profile" → "Faculty Advisor"
