The objective of this policy is to ensure safe, reliable, and equitable transportation for all members of the University community while maintaining order, accountability, and security across all transport operations. This policy applies to the Main Campus Bus Fleet, the North Campus Shuttle Service, the Late-Night Safety Shuttle, and all parking facilities under University jurisdiction.

All users of University transport services are required to comply with this policy. Non-compliance may result in suspension of transport privileges as outlined in Section 14.

14. Disciplinary Action and Grievance Redressal

Major	Damage to bus property, harassment of staff/co-passengers, smoking on bus	Suspension of transport privileges (2–4 weeks); referral to Discipline Committee

4. Safety-related complaints (harassment, security concerns) are treated as priority and investigated within **48 hours**, in coordination with Campus Security and the Dean of Student Affairs.

15. Frequently Encountered Situations

Q: What happens if I miss my bus? A: You may board the next available bus on a casual ticket basis (Section 5.3), or use the Late-Night Safety Shuttle if it is after 8:00 PM. Repeated missed buses due to late arrival are not grounds for fee refund.

Q: Can I switch my boarding point temporarily for a few days? A: Temporary boarding point changes (up to 5 days, e.g., while staying with a relative) can be requested informally through the Transport App and are subject to seat availability; this does not count against your one-time-per-semester permanent change allowance.

Q: Is transport mandatory for hostel residents? A: No. Transport registration is optional and only relevant for day scholars or hostel residents who travel home on weekends/holidays. Hostel residents typically only need the North Campus Shuttle, which is free.

Q: My bus pass shows as inactive even though I paid the fee. What should I do? A: This is usually a sync delay between the Accounts system and the Transport system. Visit the Transport Office with your payment receipt for immediate manual activation, which typically takes under 30 minutes.

Q: Are there any discounts for economically disadvantaged students? A: Yes. Students receiving University fee waivers or scholarships under the Financial Aid Office may apply for a proportional transport fee waiver through the Financial Aid Office, which coordinates directly with TCMS.
